

Remembering

Remembering is when memory is used to produce definitions, facts or lists, or recite or retrieve material.

Understanding

Understanding is about constructing meaning from different types of function be they written or graphic.

Applying

Applying refers to situations where learned material is used through products like models, diagrams, presentations, interviews and simulations.

Analyzing

Analyzing means breaking material or concepts into parts, determining how the parts interrelate to one another or to an overall structure or purpose.

Evaluating

Evaluating means making judgements based on criteria and standards through checking and critiquing.

Creating

Creating is about putting elements together to form a functional whole, and reorganising elements into a new pattern or structure by planning or producing.
